RE: BULK ROCK SALT / #7353

DATE: DECEMBER 9, 1996

The purpose of the purchase of bulk rock salt for the Street Department will be for use as a de-icing agent when the streets become slick due to snow, sleet, freezing rain, etc. Salt is preferred over sand as it will melt the ice whereas sand will not. Sand also puts stress on the city storm sewer system and necessitates extensive cleanup in the spring. The salt will also be used for filling of salt barrels placed throughout the city by the neighborhoods.
